RESOLUTION. "Resolved, That his excellency, the Governor, be re-quested to inform this House whether he has had any corespondence with the President of the United States, or any other officer of the State or Federal Government, relative to the occupation of Forts Caswell and Macon, or either of them, by the militia of this State, or any body of armed citizens; or as to any intention of that government to place troops in said forts; and if so, to communicate such corres-

pondence to the House of Commons."

State of North Carolina, EXECUTIVE DEPARTMENT, Fire: Reliable information has reached this department, hat, on the 8th inst., Forts Johnson and Caswell were taken possession of by State troops and persons resident in that icinity, in an irregular manner. Upon receipt of this information I immediately issued a litary order requiring the forts to be restored to the au-

thorities of the United States, which order will be executed was caused by a report, very generally credited, but which, for the sake of humanity, I hope is not true, that it was the purpose of the administration to coerce the Southern States, and that troops were on their way to garrison the Southern ports and to begin the work of subjugation. This impression is not yet erased from the public mind, which is deeply agitated at the bare contemplation of so great an indignity and wrong, and I would most earnestly appeal to your Excellency to strengthen my hands in my efforts to preserve the public order here, by placing it in my power to give public assurances that no measures of force are contemplated to-

EXECUTIVE DEPARTMENT, Raleigh, N. C., Jan. 11, 1861. SIR: Hearing this morning of the extreme illness of Gen. Cowan, I herewith transmit to you a military order which was prepared on yesterday for him. I have been informed, unofficially, that captain S. D. Thurston, of the Smithville Guards, has, with his company, In his admirable address entitled "The Doom of Slavery taken possession of fort Caswell and now holds the same. My informant assured me at the same time that Capt. hurston is a gallant officer, and was actuated by patriotic motives, as a citizen of North-Carolina, in the movement referred to. This, I doubt not, is true; yet in view of the relations existing between the general government and the State of North-Carolina, there is no authority in law, under existing circumstances, for the occupation of United States forts situated in this State. I cannot, therefore, sustain the action of Captain Thurston, however patriotic his motives may have been, and am compelled, by an imperative sense of duty, to order that fort Caswell be restored to the possession of the authorities of the United States. You will proceed to Smithville, upon the receipt of this communication and communicate orders to Captain Thurston to withdraw his troops from fort Caswell.
